### Financial Support

Donations in support of the library are always welcome, be they one off, periodic or as part of your estate planning. As a registered charity Friends of the Library will be able to provide you with an income tax receipt for your charitable donation. For details visit the FOL website or pick up our brochure on making donations.

### Book Donations

The Friends of the Library welcomes donations of used books in good condition; hardcover or paperback. These are sold periodically during the summer at the Farmer's Market or at our annual "Big Book Sale" in the Fall. The substantial funds thus raised are used directly for improvements to our local library facilities. Books may be dropped off at the library or call 532-0856 to arrange for pick up.

## Become a "Friend of the Annapolis Royal Library"

Users and supporters of the Annapolis Royal Library are invited to become members of our "Friends" group. Our principal goal is:

*"To support the improvement and expansion of services and programs offered by the Annapolis Royal Branch of the AVRL".*

We are a registered N.S. non-profit group that has been granted charitable status by the Canada Revenue Agency.

A major activity of the "Friends" is to raise funds for special projects for our library. Over the past five years we have raised funds through book sales, donations and raffles to purchase new equipment and furnishings for the library. We are now engaged in a major fundraising campaign to significantly expand the library facilities

To join the "Friends of the Library", complete the membership form (over page) and the return it with the appropriate membership fee to the library desk or by mail as indicated. The "Friends of the Library" meet regularly at the library. We publicize our meeting dates, volunteer projects, and fund raising and other activities on the "Friends" bulletin board in the library, on the Friends web site, and via email to our membership.

For further information please call 532-0856 or attend our regular meetings.

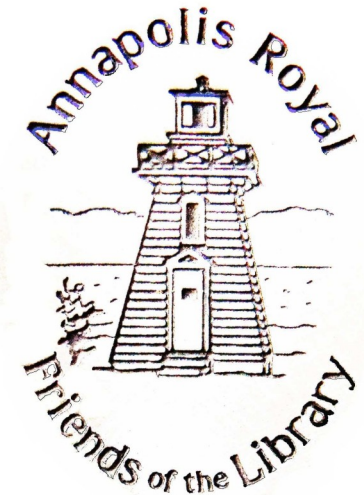

*"Be a little careful about your library. Do you foresee what you will do with it? Very little to be sure. But the real question is, What it will do with you?"*
